COMMENTS ON REASONS FOR ALLOWANCE

In response to the Reasons for Allowance in the Notice of Allowance mailed on November 28, 2007, Applicants make the following remarks.

The Examiner's Reasons for Allowance mischaracterize the claims, are not accurate and precise, and place unwarranted interpretations on the claims. Further, not all claims are identified. Applicants submit that the prosecution record as a whole makes clear sufficient reasons why each of the claims is allowable and that such a statement is not warranted in this case. Applicants do not agree with any reason for allowance or any characterization of any claim or reference. Applicants do not acquiesce that the claim features or other characterizations identified in the Reasons for Allowance are or are not necessary for patentability or are even present in any particular claim.

Respectfully Submitted,

Polsinelli Shalton Flanigan Suelthaus PC
